WA

WA means harmony, peace, balance and at the same time means **WAW!**

The WA universe is conceived to take care of the body, mind and soul in intimate rituals of connection with nature.

We believe in nature, in its ability to take care of us. Here at WA, we are loyal to our philosophy, so we integrated it into our daily journey.

The WA project was designed with sustainability in mind, being environmentally friendly in any possible way. In our various treatments, we exclusively use natural and organic plant-based products, as pure Argan Oil. They have been created by *Nectarome* and they are grown in the *Ourika Valley*, nearly Km0.

HAMMAM MOMENTS

Not just an indulgence, but an unforgettable journey through sensations that will transport you the ancient times.

This traditional experience starts in our delicately scented steam rooms to open the pores. A deep cleanse follows using with a hydrating black olive and eucalyptus soap lathered all over to soften your skin, followed by a revitalizing scrub using a traditional textured mitt called *kessa*.

Your skin is now prepared for a purifying full body different mask in a deep soaking bath with flowing water, leaving you calm and revitalized. You could choose among a full body

Besides feeling great and offering relaxation, a face massage offers impressive benefits when it comes to your skin and overall appearance, in the removal of toxins by stimulating lymphatic drainage. And by encouraging lymphatic flow, this helps reduce excess swelling or puffiness in the face, which leads to a more sculpted and defined look.
